

What To Bring On Your First Day

We want to make your first day as smooth and as easy as possible! Here is a checklist to help in those first few days as your family gets into the swing of a new routine. Additionally, we encourage families to spend a little more time during drop-off and pick-up to help ease into the transition.

As you know, our teachers will always keep you updated as to how your child(ren)'s day has been through the online tool, Procare. Please make sure to let teachers or admin know about anything out of the ordinary so we can best care for your child. And remember, we are only a phone call away!

First Day Checklist

All Parents:

- ☐ Any outstanding enrollment paperwork
- ☐ Immunization Records
- ☐ Sunscreen (as applicable)
- ☐ Bug spray (as applicable)

Infants:

- ☐ Bottles or food for the day labeled with days date and child's first and last name
